

## IL-19-MINI Datasheet

### DESCRIPTION:

Sescom IL-19-MINI stereo inline hum eliminator with 3.5mm 1/8" input and output jacks provides quick fix line isolation, removing ground loop hum, mode noise, and differentially induced hum. Connect up to a 25 foot unbalanced 3.5mm TRS cable from the mic output source.

**Sescom Tech Note:** Not for use with phantom power devices.

### FEATURES:

- High Impact ABS Thermoplastic Housing
- Removes Ground Loop Hum, Mode Noise, & Differentially Induced Hum
- Quick Fix Line Isolation
- TRS Input and Output

### SPECIFICATIONS:

- **Nominal Target I/O Levels:** -16dB to +8dB
- **No Lower Limit / Upper Limit:** Approx. +24dB
- **Impedance Ratio:** 1:1
- **Frequency Response:** +/- 1db at 20hz to 20khz Input & Output Device Dependent
