

SES-MKP-45 Datasheet

DESCRIPTION:

The Sescom SES-MKP-45 is a professional line tap adapter that bridges bare wire connections to the 1/4" TRS ecosystem, making it an essential tool for fast, reliable audio termination in studio and field environments. Whether you're interfacing instruments, consumer gear, or legacy equipment, this adapter eliminates the need for soldering by providing direct screw-down access to all three conductors of a balanced 1/4" TRS signal path.

Sescom Tech Note: Not intended for use with microphone-level signals. Not compatible with phantom power.

FEATURES:

- Instrument level impedance
- Rugged, Compact, Black-Anodized Aluminum Enclosure
- Optimized to Output Instrument Level

SPECIFICATIONS:

- **Dimensions:** 3.88" x 1.03" x 2.02"
- **Connections:**
 - 1/4 TRS
 - 3 Binding Post
